Extension of Study Permit

This is to confirm that Mr. Celal Cakiroglu is a student at the University of Alberta, Department of Civil and Environmental Engineering. He is considered to be in good academic standing.

Mr. Cakiroglu began his PhD studies at the University of Alberta in September 2011. The typical time required to complete a PhD degree is four years, with a maximum of six years from the date of the first registration. We anticipate that Mr. Cakiroglu will complete his degree by August 2017 at the latest. We therefore request that his study permit be renewed to meet the degree completion deadline.

Should you require further information, please do not hesitate to contact our office.
