**Supplemental Information for Permanent Residency Application**

**Date:** May 21, 2014

**Last Name:** Cakiroglu

**Gender:** Male

**Degree:** PhD

**Date Study Permit Signed:** (y-m-d) 2012-08-15

**Study Permit Expiry Date:** (y-m-d) 2014-07-31

**Field of Study:** Structural Engineering

**Length of Program:** 4 year(s) is normally the minimum time required, with a maximum of 6 years to complete a PhD program from the date of the first registration.

**First Name:** Celal

**Date of Birth:** 1985-01-23

**Admission Date:** 2011-09-01

**Study Permit No.:** F916525573

**Registration Status:** Full-time

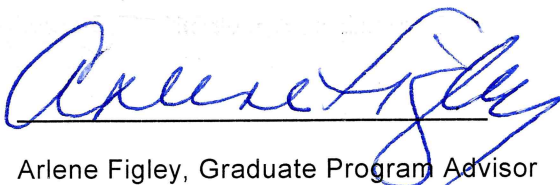

Mr. Celal Cakiroglu is a graduate student in good academic standing.

The purpose of this letter is to detail the duties and responsibilities of a Teaching Assistant and/or Research Assistant in the Department of Civil & Environmental Engineering, the University of Alberta.

Teaching Assistants (TA) are required to perform teaching duties such as instructing in undergraduate laboratories, marking assignments and/or other duties assigned by the course instructor. Research Assistants (RA) are required to conduct research under the direction of an academic staff member of the department. This work may or may not be related to the student's research or courses.

Graduate students are expected to work a minimum of 40 hours/week on their studies and/or research project.

Sincerely,

Arlene Figley, Graduate Program Advisor  
Department of Civil and Environmental Engineering
